Chairman, Governing Body

Green Life Medical College

It is a pleasure to welcome the new batch of students to our esteemed Medical institution. After more than 2 years of the pandemic, we are embracing the 'new normal'. The upcoming 5 years will be a lot of hard work and perseverance for every student, the most crucial investment of your life.

The pandemic has transformed all spheres of life and same goes for medical colleges. Everyone should adhere to the necessary safety measures. The situation has improved much but we should be alert about re-emergence of the situation as our students' health and safety is of utmost importance to us.

Green Life Medical College has been an acclaimed institution from the time of its inception. Our faculty members are leading personnel in their respective fields. Their commitment at all levels is unparalleled as seen in their management of online classes at the peak of the pandemic.

Our students' diligence and thirst for knowledge should be without boundaries. They should strive to be excellent at their profession and should be committed to their academic institution.

Following a successful Mujib Borsho and 50 years of our nation, it is every medical student's responsibility to be a dependable physician and ever dedicated to our country. Many of our students have taken the name of this institution much forward. I expect all my future students to do the same.

Shahla Khatun

National Professor Shahla Khatun

MBBS, MRCOG (London), FRCOG (London), FCPS (Bangladesh)
Chairman, Governing Body, Green Life Medical College

Message

Principal

Green Life Medical College

It is indeed a momentous occasion as you begin your journey as the latest incoming batch of Green Life Medical College. I, as the Principal of this educational institute, extend my greetings on your remarkable achievement of securing admission into the MBBS course.

Green Life Medical College has always been at the forefront of delivering academic excellence. This institute is graced by eminent faculty members and medical professionals. We take pride in the fact that all our faculty members are experienced and dedicated to aid our students in coping with their new journey. The student-friendly academic environment bounded by discipline is a well recognised attribute of this college. We have a commendable infrastructure supplemented by numerous facilities including a digital library, surgical workshops for 5th year students and intern doctors, numerous cultural and social activities, just to name a few.

Green Life Medical College's discipline is demonstrated by the outstanding academic performances of our medical students. We hope the newest buds will uphold the legacy in the upcoming times. I wish every student the very best in their pursuit to equip themselves with all the skills they require to save and serve human lives.

Prof. Dr. A.B.M Bayezid Hossain

MBBS, FCPS (Surgery), Professor & Head
Department of Surgery, Green Life Medical College

Message

Director, Medical College Affairs

Green Life Medical College

I am very delighted to introduce you to Green Life Medical College and Hospital, a centre for excellence in medical education. It all began with 50 visionaries who dreamed of a medical college dedicated to quality education; thus the journey started in 2009.

We have a full time dedicated and experienced faculty team, doctors and staff whose purpose is to provide quality medical education to students, selected according to the government regulations. The faculty members follow modern teaching methods, reflected in our excellent results. During the Pandemic COVID-19 era, all the faculties, doctors and staff provided dedicated service to humanity as frontliners. Moreover, our students participate in numerous social and cultural activities through annual picnics, study tours, Bangla New Year celebration, GMC day celebration, sports and many more.

The College publishes a bi-annual, peer-reviewed journal published since 2016, recognised by the BMDC and registered in the ISSN. The Medical Education Unit (MEU) and Research Committee are helping the faculty to develop the fields of learning and research. We also have an Ethical Review Committee to facilitate the various research works both within and outside the college and hospital.

This institute is recognised by WHO, MCI (Medical Council of India), General Medical Council, UK and listed in the World Directory of Medical Schools and ECFMG (Education Commission for Foreign Medical Graduates) so that the new doctors are eligible to pursue higher education all over the world.

With more than a decade of journey behind us, this Medical College has attained the repute of one of the most renowned non-government medical colleges of Bangladesh. Our graduates are pursuing their post graduation studies in various fields, both at home and abroad. This gives me immense pride and paves the path for the juniors. I am also proud to see our students coming from neighbouring countries as India and Nepal serving as doctors in their respective countries. May Almighty bless us all and help us develop this institute to a higher level in the future.

I wish all the best to you for your future years in this Medical College.

Professor Dr. Abu Shafi Ahmed Amin

MBBS, DLO

Director, Medical College Affairs, Green Life Medical College

Message

Chairman

Green Life Medical College Hospital

It is a matter of immense pride and pleasure to welcome the new batch of students to Green Life Medical College.

The academic activity of this college started in 2009. This college is run by 50 directors most of whom are eminent clinicians and academics in every domain of Medicine. This is one of the best tertiary level medical colleges in our country which has proved its excellence in the field of education and research. The college has a unique campus with an excellent academic atmosphere, located at the centre of Dhaka city. This institute has great commitment to provide top class medical education and quality research to the students with the help of our eminent faculty members who are constantly upgrading themselves. Our departments are well organised and other facilities as the upcoming digital library and separate hostels for male and female students are also available.

At this college, students are provided with a congenial environment conducive to learning and refinement of positive attributes so essential in delivery of healthcare to community. We as an institution are open to the spirit of change and innovation. We are keen on maintaining students' discipline and dedication to studies. Students are taught and motivated to follow moral and ethical values in medical services. There is huge scope to exercise extracurricular qualities here through various clubs and societies. Extracurricular activities are synchronised with academic courses to develop well groomed professionals. Our academic record is one of the best among all the medical colleges in Bangladesh. We assure that all efforts will be taken to achieve the goal of producing the most efficient and prominent world class doctors.

Wishing everyone all the best.

May Allah bless us in our every effort.

Professor Dr. Shamsuddin Ahmed

Chairman, Green Life Medical College Hospital and
Member, Governing Body, Green Life Medical College

Message

Managing Director

Green Life Medical College Hospital

It is my distinct pleasure to welcome our new students amidst the “new normal”. It is truly one of my favourite times to be at Green Life Medical College. Each year, the arriving classes of new students bring with them such an exhilarating sense of promise and possibility.

The mission as an institution is to teach with creativity and dedication, to heal with quality and compassion and to inspire innovation and discovery with integrity and resolve. As we prepare for another upcoming academic year, the Green Life Medical College (GMC) and Hospital Community renews that commitment to improving the health and well being of our local, national and global communities.

Through academic activities, the clinicians, medical professionals and the students implement all updated modalities to treat their patients. They work hand-in-hand with researchers to translate basic science discoveries into clinical care, taking advantage of the latest innovations in medical and health sciences.

Our students are well known for giving back to our local, national and global communities by responding to crisis, volunteering at numerous programmes and offering charitable services to medically deprived populations. Each of you after 5 years will become a doctor and an idol to many young apprentices. As a senior medical professional, I advise you and demand from you to maintain the highest possible level of integrity and principles during your studies and after becoming a physician. I request you to never take any undue advantage from the diagnostic laboratories or pharmaceuticals. This will tarnish not only your image but the entire profession as a whole. Our ideals, partnerships and unique opportunities enable each of us to live up to the mission of Green Life medical College.

A handwritten signature in black ink, appearing to read 'Dr. Md. Mainul Ahasan'.

Introduction :

In 2005, about 50 distinguished physicians of the country started a Hospital to give specialized care in the private sector. They named it Green Life Hospital and it turned out to be a great success. So in 2009, they decided to make a medical college which will be a non-government, non-profit, self-financing project and will serve the humanity.

This College came into existence in 2009. The college commences its activities with the enrollment of 51 students in the 1st batch in 2010. Since inception, the college has undergone tremendous development and became a splendid centre for learning and development. At present we are enrolling 110 students each year. Among them, numbers of seats are reserved for overseas students.

We continue to evaluate and improve our programme to ensure the best medical education for the students. Our educational strategy is to create a conducive learning environment and to steer our students to acquire adequate knowledge, skills and temperament to practice medicine and be a competent health care professional group.

Affiliation :

Green Life Medical College (GMC) is approved by the Ministry of Health and Family Welfare (MOHFW), Government of Bangladesh and Bangladesh Medical and Dental Council (BMDC) and affiliated to the University of Dhaka (DU).

Green Life Medical College (GMC) is enlisted in "World Directory of Medical School" and ECFMG. Through this enlistment, GMC is now listed under Avicenna Directory, World Federation for Medical Education and the Foundation for Advancement of International Medical Education and Research (FAIMER). The graduates of this Medical College will be able to seat for USMLE, AMC and PLAB examination. Clinical trainings of Obstetrics and Gynaecology, Medicine and Orthopaedics are recognized by Bangladesh College of Physicians and Surgeons (BCPS).

Aims and Objectives of the College :

AIM : To create a diverse and vibrant graduate scholars in medical discipline and to create highly competent and committed physicians for the country and any standard institute of the world.

OBJECTIVES :

1. To provide an appropriate learning environment where medical students can acquire a sound theoretical knowledge and practical skills with empathetic attitude to the people.
2. To carry out research in medical sciences to scale up the standard of medical education in the country and abroad.
3. To provide modern standard health care service to the patients.

Location :

The campus is located at 31 & 32, BirUttom K. M. ShafiullahSarak (Green Road), Dhanmondi, Dhaka. The location is at the heart of the mega city Dhaka and is facilitated with very good communication networks.

The Medical College and the Hospital complexes have been raised in a multistoried fully air-conditioned building with an arrangement of approximately 550 patients. The building is equipped with state-of-the-art infrastructure, excellent with an out-patient department and adequate in-patient facilities.

Infrastructures :

Space : College building : 63, 979 sft

Hospital building : 2.5 lac sft

Auditorium	:	1
Lecture hall	:	5
Tutorial room	:	18
Dissection Hall	:	1
Laboratory	:	5
Museum	:	3
Library	:	1
Common room	:	1

Total teaching staff :

(Total teaching staff-110)

Professor	:	22
Associate Professor	:	17
Assistant Professor	:	26
Lecturer	:	27
Registrar	:	10
Medical officer/ Assistant registrar	:	8

Student statistics MBBS :

Total admitted	:	1159
Graduated	:	567
On study	:	592

Nursing unit :

(Total teaching staff-13)

Principal	:	01
Vice Principal and Associate Professor	:	01
Assistant Professor	:	01
Lecturer	:	08
Nursing Instructor	:	02

Student statistics Nursing :

Total admitted:

Diploma in nursing science and midwifery	:	650
Basic B .Sc in nursing	:	300
Post basic B.SC in nursing	:	230
Graduated (total)	:	810
On study	:	370

College Building :

Green Life Medical College has a 15-storied new academic building along with a 15-storied Hospital building. In the academic building, there is provision for further expansion of all the departments, spacious classrooms, lecture halls, museums, laboratories, library facilities having central air condition facility.

Number of seats in GMC will increase in near future. And number of beds in hospital will also increase.

Courses offered :

- 1. MBBS :** The MBBS course has duration of 5 (five) years and follows the National Curriculum (prepared by BMDC). The academic programme has been designed to cover all aspects of medical sciences.
- 2. Nursing :**
 - A. B.Sc Nursing :** The B.Sc Nursing course has duration of 4 (four) years.
 - B. Post-basic Nursing :** The Post-basic Nursing course has duration of 2 (two) years.
 - C. Diploma Nursing :** The diploma course has duration of 3 (three) years.

The Curriculum & Eligibility for Professional Examination :

MBBS course has 4 phases, at the end of which University (Professional) examination are held.

Phase	Duration	Professional MBBS Examination	Subjects
I	1 ½ years	First	Anatomy, Physiology and Biochemistry
II	1 year	Second	Pharmacology & Therapeutics and Forensic Medicine & Toxicology
III	1 year	Third	Pathology, Microbiology and Community Medicine & Public Health
IV	1 ½ years	Final	Medicine and allied subjects, Surgery and allied subjects, Obstetrics & Gynecology

Professional MBBS Examinations are held twice a year, in May and November. Prerequisites for appearing for the University Examinations are stated below:

For Each Professional MBBS Examination :

A candidate must have :

- Attended at least 75% classes in each subjects.
 - Obtained pass marks (minimum 60% of the total) in all formative examinations.
 - Certificate of good conduct from the concerned departments.
 - Paid University registration and exam fees.
 - Paid all College dues such as tuition fees etc.
 - Passed all subjects in previous Professional MBBS Examination (For 2nd, 3rd and Final Professional Examination).
- After passing MBBS, One year internship training is mandatory.

The Carry on System :

- A student who becomes eligible to appear in Professional Examination will enroll in next year's classes 10-14 days after completion of Examination.

Governing Body :

Chairperson	:	Vice-chancellor, DU nominated
Member Secretary	:	Principal, GMC
Academicians	:	Vice-chancellor, DU nominated (4 persons)
Dean, Faculty of Medicine, University of Dhaka	:	By post
Representative of the Guardians	:	2 persons
Teacher's representatives	:	2 persons
Founder Member	:	1 person
Patronage representatives	:	1 person
Donor representatives	:	1 person
Member (Ministry of Health & Family Welfare nominated)	:	Deputy Secretary, Ministry of Health and Family Welfare (MOHFW)

Governing Body Meeting in GMC

Academic Council :

Chairperson	:	Principal
Academic Coordinator	:	Nominated by Academic Council
Members	:	<ul style="list-style-type: none"> • All Heads of the Departments. • All Professors of the Departments. • Two senior most Associate Professors including one from Pre-clinical and another from clinical subjects. • Two senior most Assistant Professors. • Student's representatives.

Online Class:

During the COVID 19 Pandemic and nation wide Lock down, under the guidance of The Chairman, Governing Body, Professor Shahla Khatun, a special Online Class Committee was created in early March of 2021. The committee worked hard and sincerely in order to initiate and conduct online classes and examinations, and Green Life Medical College was one of the institutes that started online academic activities in earliest time. To achieve this, the committee effortlessly worked to train the teachers, students and staffs, arrange new routines, create class moderators, buy zoom account and to communicate with the students at home and abroad. The committee also arranged several virtual meetings between faculties, CME on COVID 19. The activities of the committee continued till August, when physical classes again started to resume.

Internship Training :

After obtaining the MBBS degree, the student must complete one year internship at Green Life Medical College and Hospital (GMCH) including two week community placement in a Upazilla Health Complex which are pre-requisites for obtaining Permanent Registration from the Bangladesh Medical and Dental Council (BMDC).

The training is specifically designed to develop necessary skills and attitudes to deal with common health problems as well as the difficult ones by working in the hospital and in the rural settings.

Medical Education Unit and Skill Centre

- Continuous Medical Educations (CMEs), CPDs, Seminars, and Symposiums are held regularly under the supervision of Medical Education Unit of GMC.
- Weekly CME : Interns & trainee Doctors and all teachers sessions are held through-out the year. In CME, presentations from all the departments of college and Medical Education Unit take place. Eminent speakers and scientists of the country also deliver keynote speeches.
- Skill Centre of GMC is equipped with several dummy, viscera, specimen, surgical instruments, suture materials etc through which students and Intern Doctors can enhance their skills by practicing.
- Departments of Medicine, Surgery, Obstetrics and Gynaecology held regular “Basic Skill Training” for the intern Doctors. All the Internees have to complete the training in the subjects before completion of their internship.

Green Life Medical College Journal

A scientific journal, is regularly being published from the College. It is a bi-annual publication. The Journal publishes Original Article, Review Article, Case Report, Case Series and Editorial.

Committees

Green Life Medical College has following committees to conduct research and to facilitate academic activities:

- Quality Assurance Committee
- CME Committee
- Extra Curricular Activites Committee
- Admission Committee
- Journal Committee
- Reviewer’s panel for Green Life Medical College Journal
- Research Cell
- Ethical Review Committee

Lecture Hall

The Lecture Halls are well furnished, centrally air-conditioned and enriched with all the modern audiovisual facilities like multimedia and sound system.

Tutorial Rooms, Museums and Laboratory

All the Tutorial Rooms are spacious and well furnished and equipped with whiteboard and teaching-learning materials. The Laboratories, Museums and Practical Rooms are equipped with necessary and adequate teaching and learning materials based on the requirements of the different departments.

Residential Field Site Training and Day Visits

Residential Field Site Training (RFST) and day visits are held for the medical students as a part of Community based learning. During RFST, the students are placed in rural primary health care centre for two weeks during their third year course. Upazilla Health and Family Planning Officer and Resident Medical Officer of Upazilla Health Complex act as adjunct faculty during the placement.

The students also visit eight to ten important health facilities in and around Dhaka city as a part of day visits and Study Tour programme.

Library

The College Library is in the level 13 of the academic section. It is a spacious hall, well and adequately furnished having a cool and silent atmosphere favourable for study. The Library is enriched with a wide collection of text and reference books as well as medical journals to provide current information to the students. It has an easy access system and remains open on all working days from 8.00 am to 8.00 pm.

Virtual and Digital Library

Green Life Medical College has a digital section as a part of its library having Computers, scanner, printer, 24 hours high-speed internet access and also photocopier so that the students will get all the facilities near their hands. Green Life Medical College Digital Library has more than 1000 (One Thousand) E-Books and Journals. All the Faculty Members and Students can access the Digital Library from GMC premise.

Library has the access to HINARI; which is a research database in Health Programme set up by the World Health Organization and major publishers to enable developing countries to access collections of biomedical and health literature.

04.	Jannatul Nayeem Sara	07	Final Prof	Gynae and Obstetrics
05.	Maksud Bin Salam	07		
06.	Rannia Shehrish	07		
07.	Sadia Afroz	07		
08.	Sananda Bhattacharya	07		
09.	Ummey Hafsa Mony	07		

School of Thoughts

Green Life Medical College showered us with knowledge and guidance and pointed us one step closer to success. Even during periods of lockdown, our faculties formed committees and successfully conducted lessons online to prepare us adequately in these times of difficulty. In a nutshell, Green Life Medical College has turned out to be a symbol of hope that creates capable new doctors for a better tomorrow.

Dr. Maksud Bin Salam, GMC-7, Intern batch 16B

A journey that started with a dream and faced a road full of both roses and thorns. This dream turned into reality despite of all hardship just because of the guidance of all my teachers and other supporting administrative staffs of GMC. I look back at very first day I remember a nervous student afraid of looking at the cadaver and today 5 years later this student has the courage to enter the O.T. All this has been possible due to the generous contribution of GLMC. There were sleepless night during exams and days full of adventure during Resedential Field Site Training. Today I am proud to say that I am a GLMCian and will always be. **Dr. Pragya Singh, GMC-7, Intern batch 16C, Nepal.**

I made up my mind to pursue medical studies in Bangladesh. After enquiring many seniors, I decided to get admitted to Green Life Medical College. Once I started attending classes, I found it easy to adapt to the teaching style thanks to the efforts of the faculty members. I was able to clear my concepts. I made many friends over here and the thought of living alone did not bother me at all. Apart from academic activities, Dhaka as a capital city and Bangladesh as a nation is beautiful and very hospitable. I hope my pleasant experience continues till the end of my journey. **Rishab Chatterjee, GMC-12, India**

My first year at Green Life Medical College has been nothing short of memorable. Having always been on the introverted side, I was worried that I would struggle to fit in. But my worries were for naught, as I found myself in an incredibly welcoming atmosphere, amidst wonderful teachers and great friends and classmates. Despite having started our session in the middle of a pandemic, our amazing teachers spared no pains in order to deliver top-notch lessons, and tried their best to ensure that no student gets left behind. I feel incredibly blessed to be able to study here and hope to continue this journey with equal fervour. **Mohammad Inzamam Hassan, GMC-12**

When i was presented with a plethora of medical colleges from Bangladesh, the one that caught my attention was Green Life Medical College. On asking my seniors about it, all I received was praise as feedback.

Now that I am here, it has only been a joyride. The teachers, seniors and staff everybody is ready to help you and make it easier.

Moreover, Dhaka is a vibrant city and there are a lot of places around the College to relax and unwind when life gets mundane. **Aafrin Begum, GMC-12, India**

Admission Process

Director General of Health Services (DGHS), Government of the People's Republic of Bangladesh conducts a central written admission test at the national level for admission in the government and non-government Medical Colleges each year. They publish a merit list for eligible candidates. The authority of Green Life Medical College selects the students as per rules laid down by the DGHS and MoHFW.

The selected candidates will be examined by a medical board for physical fitness. The medical board will be formed by the Principal of Green Life Medical College.

Admission, Tuition and Incidental Fee submission

All payments are to be made in full at the time of admission. All payments made at the time of admission are non-refundable.

- Tuition fee is payable on monthly basis within the first week of each month.
- Failure of payment on the due date will result in a fine on a daily basis.
- If monthly fees are delayed by more than one month, student's name will be removed from the attendance register.
- The name of the student will be removed from the College Register if tuition fees are not paid for two months consecutively. In such case, the student has to pay re-admission fees to get re-enrollment.

Admission Fee

Admission fee	: as per instruction of Ministry of Health and Family Welfare
Tuition fees	: Taka 8,000/- (Taka Eight Thousand only) per month
Internship remuneration	: as per instruction of Ministry of Health and Family Welfare
Miscellaneous	: Residential Field Site Training in rural health complex expense, Day visits to various health centre expense, Forensic Medicine Autopsy expense at Government morgue, Caution money, University student's registration fee, University, BMDC and Ministry annual affiliation renewal fee, Cultural programme and Sports etc.

- * Accommodation and food charges to be paid separately.
- * The fee structure can be changed anytime as per the order of Ministry of Health & Family Welfare.

Distribution of Seats

1. General quota :

Forty Eight Percent (48%) seats are available for the Bangladeshi candidates who can get admission according to the merit score of Medical Admission Test published by DGHS, MOHFW.

2. Freedom Fighter :

Two percent (2%) seats will be available for wards of freedom fighters. For these seats, attested photocopy of appropriate documents should be submitted along with the admission form.

3. Poor and Meritorious :

Five percent (5%) seats will be available for the poor and meritorious category.

4. Foreign Students :

Forty-five percent (45%) seats are available for overseas students according to MOHFW mandate.

Administrative staffs of Green Life Medical College

Administrative Members

- Aftab Uddin Kutubi**, College Secretary
- Md. Abu Daud Molla**, Academic Secretary
- Md. Monirul Islam**, Accounts Officer
- Sumon Paul**, Personal Assistant to Principal
- Sreekanta Chandra Sarker**, Office Assistant
- Joydeb Chandra Das**, Assistant Accounts
- Md. Ashik Hossain**, Computer Operator
- Rashedul Islam**, Academic Assistant

Documents to be submitted by the Candidates

For admission to MBBS course to this medical college, the students will apply in the prescribed form (to be collected from the Principal's office with payment). The completed form along with the following documents should be submitted during admission.

- Original and photocopies of SSC or equivalent certificate, mark sheet/academic transcript.
- Original and photocopies of HSC or equivalent certificate, mark sheet/academic transcript and testimonial.
- Four recent colour passport size attested photographs (1.6" x 2").
- Photocopy of MBBS admission examination admit card and result (website copy).
- Money receipt of application form.

Criteria for Admission of Foreign Students in The Non-government Medical Colleges in Bangladesh for 2021-2022 Academic Year Under Self-finance Scheme :

1. Equivalence of Foreign Degree :

- Must have passed qualifying examinations (HSC/'A' level) or equivalent examination.
- SSC/'O' level or equivalent examination be passed preceding 3 years of HSC/A level or equivalent.
- HSC/A' level or equivalent examination be passed in 2021/ 2020.
- Minimum aggregate GPA in SSC /'O' level or equivalent and HSC/'A' level or equivalent examination : 8.00 (eight)].
- Minimum GPA in SSC /'O' level or equivalent or in HSC/'A" level and equivalent examination :3.5.
- Minimum GPA in Biology.: 3.5.
- For calculation of GPA against the marks obtained in SSC/ 'O' level or equivalent exam, only top 5 subjects are considered. Therefore, GPA in 'O' level (total marks obtained in top five subjects)/5.
- Optional subject shall be considered if GPA is below 5 (five).
- For calculation of GPA against the marks obtained in HSC/ 'A' level or equivalent exam, only 3 subjects (Physics, Chemistry and Biology) are considered. Qualifying Grade in each subject individually is "C". Therefore, GPA in'A' level= (total marks obtained in three subjects)/3.

2. Application Form :

Duly filled application forms in triplicate along with following documents, copy of passport and 3 passport size photographs are to be reached the Ministry of Foreign Affairs.

- All certificates must be duly attested. By the competent authority, i.e. Education Board, the Foreign Ministries of the respective countries and respective Bangladesh Missions abroad.
- Successful applicants have to produce all academic certificates, admit cards and - mark- sheets/ transcripts in original at the time of their admission.

3. Tuition Fee : As Per College Rules.

4. Application Fee : As Per College Rules.

Undertaking in the form of Bond

The candidates and their parents or guardians are required to sign bonds on non-judicial stamp papers regarding the terms and conditions of the code of conduct and disciplines during the tenure of MBBS course.

Conduct and Discipline

- Students must maintain strict discipline in the college. On disciplinary grounds the following penalties may be imposed on a student, depending on nature of the offence:
 01. Warning
 02. Fines
 03. Expulsion from the College, temporarily or permanent
 04. Any other as decided by the college academic council
- A student's name may be removed from the College Register under the following circumstances:
 01. Remaining absent from classes for consecutive two months without any information. The student needs to take re-admission in such condition.
 02. Disciplinary ground, on the advice of the Academic Council.
 03. Non-payment of college dues for consecutive three months for the due date of payment.

Rules and Regulations for Students

1. Students have to carry their "Identity cards" when in the college and in the hospital.
2. Students must be well dressed, clean & attend the classes with white aprons.
3. Fashionable dress, cosmetics, untidy hair, slippers are prohibited in the campus. Male students must wear shoes in the campus. Female students must tie their hairs properly.
4. Rings, bangles etc. are not allowed in the practical classes.
5. Green Life Medical College is a non-smoking zone.
6. Environment should be kept clean. Students are requested to throw solid waste/litter into waste bins.
7. Sticking of posters on the walls of the college and the hospital premises are prohibited. These are considered as acts of indiscipline and the offenders involved are liable to punishment.
8. All types of agitation, processions, shouting in the college and hospital premises are prohibited and students involved in those activities are liable to be expelled from college.
9. Absence from classes individually or in a mass without prior information and without valid reasons are punishable.
10. Students will state their problems/grievances/inconveniences to their respective departmental teachers/Mentor. The Mentor will solve the problems of the students or refer them to the Head of the department.
11. Students must not misbehave with the staff or employees of the college. Misbehavior is an act of indiscipline and liable for punishment.

12. Students are expected to maintain the highest standard in their academic and private lives. Loss of moral and spiritual values or addiction to alcohol and narcotic drugs are punishable offence.
 13. Text books, dissecting instruments or necessary equipments will not be provided by the college.
 14. Leave: In case of illness or other unavoidable reasons of non-attendance, a written application from the student should be presented to the Head of the department.
 15. Receiving private coaching from any teacher of Green Life Medical College is prohibited. If any student or his/her guardian seeks private coaching from any teacher of this institution and if it be proved, he/she (student) may face dismissal from studentship/ expulsion from the examination or from college register.
 16. Cost of loss/damage to college/hospital property is liable to be realized from the student who is found responsible for the loss/ damage of the college/hospital property.
 17. Political activities are strictly prohibited in the college.
 18. Use of any kind of smart phone or laptop/tablet computer is prohibited in the classrooms and campus.
- All above rules & regulations can be modified by the Academic Council and Governing Body.

Information for the Parents/Guardians:

1. There are four professional examinations in MBBS Curriculum. There are two sessions of Professional MBBS Examination in a year, i.e. in May and November.
2. Parents should look after the student whether they are attending their classes, item exams, term exams, as they are required to complete and pass all term exams. Seventy five percent (75%) class attendance is required to be eligible for the each professional examination.
3. The tuition fee per month should be paid within the first week of every month. Failure of payment within due date is liable to pay a late fee per day along with the dues. For delay in payment for more than one month the name of the particular student will be removed from the Attendance Register. The name of the student will be removed from the College Register if the payment is not given for three months consecutively.
4. After successfully passing final professional MBBS examination, students have to complete one year Internship Training in Green Life Medical College Hospital to get registration from Bangladesh Medical and Dental Council (BMDC).

Accommodation facilities

GMC has separate accommodation facilities for boys and girls. The rooms are comprising of double bed and triple bed. The accommodation facilities will be provided to all applicants. However, seats are reserved for all foreign students.

Green Life Medical College Hospital

Green Life Medical College Hospital is a best in class medical service center with 550 beds that started its journey in 2005. It offers special and super specialty services, including diagnostic facilities to ensure the delivery of holistic patient care. The hospital is staffed with dedicated and trained personnel who work with sophisticated and most advanced equipments.

Green Life Medical College Hospital has fully equipped department including 24 hours Emergency services, Radiology and Imaging, Dialysis unit, Chemotherapy center, Intensive care unit (ICU) with 20 beds, NICU, HDU, Neuro-care Unit, Joint replacement surgery, Arthroscopy and Arthroscopic surgery, Hand surgery, Laparoscopic surgery, facilities of Endoscopy, Colonoscopy, ERCP and ESWL, a Physiotherapy center and a Rheumatology Research Centre. A newly built well-equipped Cardiology unit including CCU, Cathlab and Operation Theatre are fully functional.

The Operation Theatre of GMCH is the state-of-the-art complex with 7 hi-tech Operation Theatres with Laminar Air Flow, Recovery room and Delivery room. The outpatient departments can serve up to 800 patients per day. Besides, free medical service is provided to a good number of poor and needy patients. Diploma, B.Sc and Post-basic B.Sc. passed nurses are working in the hospital.

Number of hospital beds, specialized units and investigation facilities will increase immediately after the college shifts to the newly build academic building. There is plan for further expansion of the hospital in adjacent buildings.

GMCH at the time of pandemic

Since March 2020, news about the Corona virus disease (COVID-19) pandemic have made many of the people of Bangladesh feel perplexed about going to the emergency of a hospital or getting medical care, and have wondered if it is safe to go to the hospital. It is found out that nearly 40% of people were avoiding or delaying medical care due to COVID-19 concerns. Emergency departments of some hospitals had about half their usual number of patients.

Green Life Hospital, its ICU and its emergency department as a whole took precautions to prevent the spread of the COVID-19 virus and help make sure that visits to the emergency and hospital are as safe as possible, following strict guidelines for protecting people during the COVID-19 pandemic. These included universal masking requiring that everyone wears a face mask; screening and hand washing at all entrances of GMCH for COVID-19 signs and symptoms; separate waiting areas for people who have or may have COVID-19 in designated areas of the Emergency department away from those who don't have COVID-19 signs and symptoms; frequent cleaning and disinfecting of the waiting areas, rooms, restrooms and surfaces to accommodate updated COVID-19 hospital cleaning protocols and social distancing in check-in and waiting areas in Emergency Department and as a whole in the hospital. GMCH has kept 130 general beds and 12 beds ICU dedicated for the COVID-19 patients.

GMCH has provided treatment to a large number of COVID-19 patients successfully till April 2021. The mortality rate at the hospital was one of the lowest amongst the non-government facilities. The Hospital is continuing to treat both the Corona virus positive and negative patients at full swing by maintaining strict triage system at the OPD and emergency department.

Green Life College of Nursing

Green Life College of Nursing (GCN) came into existence in 2009. This College (GCN) is approved by the Ministry of Health and Family Welfare (MOHFW), Government of Bangladesh and Bangladesh Nursing & Midwifery Council (BNMC) and affiliated to the University of Dhaka (DU).

The college commences its activities with the enrollment with 3 Courses.

01. Diploma in Nursing Science & Midwifery (03 Years)

02. Basic B.Sc in Nursing (04 Years)

03. Post Basic B.Sc in Nursing (02 Years)

Since inception, the college has undergone tremendous development and became a splendid centre for learning and development. At present we are enrolling 140 students each year.

We continue to evaluate and improve our program to ensure the best nursing education for the students. Our educational strategy is to create a conducive learning environment and to steer our students to acquire adequate knowledge, skills and temperament to practice medicine and be a competent health care professional group.

Directors of Green Life Medical College & Hospital

Prof. Shamsuddin Ahmed
MBBS, FCPS (Pak & BD), FA Ortho, FRCS (Glasgow)
Former Professor of Orthopaedic Surgery
National Institute of Traumatology and
Orthopaedic Rehabilitation, Dhaka.
Chairman, Green Life Medical College Hospital (GMCH).

Late Prof. A H M Ahsanullah
MBBS, FCPS (Pak.), FRCP, FICS (USA)
Former Professor of Neurosurgery, Former IPGMR, Dhaka.

National Prof. Shahla Khatun
MBBS, FCPS, MRCOG, FRCOG
Former Professor, Head of the Dept.
& Chairman of Obs and Gynae,
Bangabandhu Sheikh Mujib Medical University, Dhaka.
Chairman, Governing Body, Green Life Medical College.

Late Prof. C. H. Kabir
MBBS, FCPS, FRCS
Former Professor of General Surgery
Bangabandhu Sheikh Mujib Medical University, Dhaka.
Founder Secretary, Bangladesh Medical College Hospital.

Dr. Md. Mainul Ahasan
MBBS
Managing Director
Green Life Medical College Hospital.

Prof. Pran Gopal Datta
MBBS, MCPS, MSc, FCPS, FRCS, ACORL, Ph.D
Former Vice Chancellor &
Former Professor of Otolaryngology and Head-Neck Surgery
Bangabandhu Sheikh Mujib Medical University, Dhaka.
of Otolaryngology and Head-Neck-Surgery, GMCH.
Member of Parliament (MP)

Prof. A K M Anowar-ul Azim
BSc, MBBS, FCPS (Pak & BD), FICS, FACS, FICMCH
Former Professor & Head of the Dept. of Obs and Gynae
Dhaka Medical College.

Prof. Fukhrun Nisa
MBBS, DA, FCPS
Former Professor & Head of the Dept. of Anaesthesia
National Institute of Cardiovascular Diseases, Dhaka.

Prof. Ramdew Ram Kairy
MBBS, MS (Ortho)
Former Professor of Orthopaedic Surgery
National Institute of Traumatology and Orthopaedic
Rehabilitation (NITOR), Dhaka.
Consultant-Orthopaedics, GMCH.

Directors of Green Life Medical College & Hospital

Prof. Khondker Abdul Awal Rizvi
 MBBS, MS, FCPS, FICS
 Former Professor & Director of Orthopaedic Surgery
 National Institute of Traumatology
 and Orthopaedic Rehabilitation (NITOR), Dhaka.
 Secretary General, National Heart Foundation of Bangladesh.
 Consultant-Orthopaedics, GMCH.

Prof. Abul Khair
 MBBS, FCPS (Surgery)
 Fellow in Neurosurgery (Australia)
 Former Professor of Neurosurgery
 Bangabandhu Sheikh Mujib Medical University, Dhaka
 Finance Director & Consultant-Neurosurgery, GMCH.

Prof. Syed Atiqul Haq
 MBBS, FCPS, MD, FRCP
 Chief Consultant
 Green Life Centre for Rheumatic Care & Research
 Green Life Medical College Hospital.

Prof. Golam Mohiuddin Akbar Chowdhury
 MBBS, FCPS, FICS
 Former Professor of Thoracic Surgery
 National Institute of Diseases of Chest & Hospital, Dhaka
 Consultant-Chest Surgery, GMCH.

Prof. Abu Shafi Ahmed Amin
 MBBS, DLO
 Former Professor, Dept. of Otolaryngology and Head-Neck Surgery
 Bangabandhu Sheikh Mujib Medical University, Dhaka.
 Former President, Bangladesh Medical and Dental Council (BMDC)
 Consultant-Otolaryngology and Head-Neck Surgery, GMCH.

Prof. A K M Anwarullah
 MBBS, FCPS, MRCP
 Former Professor & Chairman, Dept. of Neuro Medicine
 Bangabandhu Sheikh Mujib Medical University, Dhaka.

Prof. Zamanul Islam Bhuiyan
 MBBS, MS, FCPS, FICS
 Former Professor of Urology and Former Director
 National Institute of Kidney Diseases & Urology, Dhaka
 Consultant-Urology, GMCH.

Prof. A H M Towhidul Alam
 MBBS, FCPS
 Endo-Laparoscopic Surgeon
 Bangabandhu Sheikh Mujib Medical University, Dhaka
 Chirf of Green Life Endo-Laparoscopic Center (GLELC)

Professor Dr. Muhammad Rafiqul Alam
 MBBS, MD, FCPS
 Former Pro-Vice Chancellor (Administration)
 Bangabandhu Sheikh Mujib Medical University, Dhaka
 Professor & Former Chairman, Dept. of Nephrology
 Bangabandhu Sheikh Mujib Medical University, Dhaka
 Consultant-Nephrology, GMCH.

Directors of Green Life Medical College & Hospital

Prof. Md. Mahbubur Rahman
MBBS, Ph.D, FICS
Former Professor & Chairman, Dept. of Vascular Surgery
Bangabandhu Sheikh Mujib Medical University, Dhaka
Consultant-Vascular Surgery, GMCH.

Prof. Nusrat Zaman
MBBS, FCPS
Former Head of the Dept. of Obs and Gynae
Comilla Medical College, Comilla.

Prof. A B M Abdullah
MBBS, MRCP, FRCP
Emeritus Professor, BSMMU
Personal Physician to Honorable Prime Minister
Former Dean, Faculty of Medicine & Professor of Medicine
Bangabandhu Sheikh Mujib Medical University, Dhaka
Consultant-Medicine, GLMCH.

Prof. A T M Khalilur Rahman
MBBS, DA, DIP CTS (Ansth. Japan)
Professor & Head of the Dept. of Anesthesia.
National Heart Foundation Dhaka
Consultant-Anaesthesiology, GMCH.

Prof. Md. Moarraf Hossen
MBBS, FCPS, DMRT
Former Professor, Dept. of Radiotherapy & Director
National Cancer Institute, Dhaka
Consultant-Oncology, GMCH.

Prof. Joya Sree Roy
MBBS, MCPS, MS
Former Professor of Obs and Gynae
Dhaka Medical College, Dhaka
Professor and Head, Dept. of Obs and Gynae
Green Life Medical College.

Prof. A K M Razzaque
MBBS, FCPS (Surgery)
Former Professor & Head, Dept. of Thoracic Surgery
National Institute of Diseases of Chest & Hospital, Dhaka
Consultant-Chest Surgery, GMCH.

Prof. Md. Ali Hossain
MBBS, MD, FCPS
Former Professor of Respiratory Medicine
National Institute of Diseases of Chest & Hospital, Dhaka.
Consultant-Pulmonology, GMCH.

Prof. Md. Shamsul Alam
BDS, DCD, FADI, FCPS
Former Dean, Faculty of Dentistry
Bangabandhu Sheikh Mujib Medical University, Dhaka.
Professor
Dept. of Conservative Dentistry & Endodontics
Consultant-Endodontics, GMCH.

Prof. Dr. Begum Sharifun Naher
MBBS, FCPS, MD (Paed), MD (Neonatology)
Former Professor of Paediatrics
Sir Salimullah Medical College, Dhaka
Consultant-Neonatology, GLMCH.

Prof. Nishat Begum
MBBS, FCPS
Consultant-Surgery, GMCH.

Dr. Chowdhury Iqbal Mahmud
MBBS, FRCS, MCh (Ortho), FICS
Associate Professor of Orthopaedic Surgery
Bangabandhu Sheikh Mujib Medical University (BSMMU)
Consultant-Orthopaedics, GMCH.

Mrs. Dr. Shahin Ara Begum
MBBS, M.Phil
Former Professor of Microbiology
Dhaka Medical College, Dhaka.
