Chairman, Governing Body
Green Life Medical College

What started as a dream to have a place to work as well as converse with friends culminated into a vision to build world class doctors.

Green Life Medical College started its journey in 2009, as per order of the Ministry of Health and Family welfare, as the aspiration of a group of medical educationists, professionals and researchers renowned in both national and international circles.

To meet the ever growing demand of medical education, non-government medical colleges are much necessary. Our medical college is self-sufficient with respect to infrastructure, faculty members and other staff as well as hospital facilities; complying by the regulations of the Ministry of Medical Education and Family Welfare, BMDC and Dhaka University. Our ambience promotes medical education that is equipped to tackle the dramatically evolving medical services.

Green Life Medical College is committed to produce medical graduates with sound knowledge, excellent skills and determination. They are built to have a holistic approach to manage the health problem of every client, in groups or as an individual.

I would like to applaud the academic staff for their determination to build competent doctors. Their efforts are reflected through the academic results of this college. We also strive to involve our students in various social, cultural and religious activities. This helps them to learn how to plan, think, implement and monitor as a team to achieve their goals.

I would like to acknowledge the members of the committee who contributed to this yearbook. I extend sincere thanks to our Principal, Professor A.B.M. Bayezid Hossain, for his efforts to bring out this yearbook 2021 despite many barriers of the COVID era. I am very optimistic that his dynamic ways will inspire our college and help the institute reach higher peaks. Our Medical College is one of the most acclaimed non-government medical colleges with name and fame in academic achievement and services to humanity. I wish all the best and hope the success ladder is climbed higher and higher.

National Professor Shahla Khatun

MBBS, MRCOG (London), FRCOG (London), FCPS (Bangladesh & Pakistan)
Chairman, Governing Body, Green Life Medical College

Principal

Green Life Medical College

The “Year Book” is a mirror of all activities of an institute performed in a stipulated period. I am glad that Green Life Medical College is releasing a Year Book for the first time that is compiled with all our activities, thoughts, dreams and memoirs of precious moments of the Institute in 2021. All these, I believe, would inspire our students, faculties and staffs.

The year 2021 was completely different from others because of ongoing COVID Pandemic and the effort of coming back to normal. Probably the largest effect of the pandemic was on our education system and medical education was not spared at all. Still our institute was fully active to continue classes and other activities online. Till August 2021, we tried our best to continue all academic activities, like lectures, ward classes, demonstration classes and examinations on virtual platform. We continued to communicate with the students throughout the period and engaged them in all academic activities. I extend my sincere gratitude to all faculties, staffs and moderators who worked hard to overcome this complex period. Later, near the end of the year, all classes and activities started offline and we gave our best effort to come back to a “New Normal” era. We could successfully complete all course contents, schedules and could conduct examinations of different phases with proper safety measures. Therefore, the year 2021 was a big challenge for us and I believe that our achievements will encourage us for the future. I am indebted to the Governing Body members who were always with us to support our initiatives and generously provided assistance and guidance.

Lastly, I thank The Annual Report Committee for this huge work and others who contributed to the publication of this document.

A handwritten signature in black ink, consisting of a stylized, cursive name that appears to be 'A.B.M. Bayezid Hossain'. The signature is written above a horizontal line that extends to the right.

Professor Dr. A.B.M. Bayezid Hossain

MBBS, FCPS (Surgery)

Director, Medical College Affairs
Green Life Medical College

Mahatma Gandhi once said, “The future depends on what you do today.” We are always learning from the present. For the last two years, the mankind faced a real difficult time-the COVID 19 pandemic. The existence of mankind became a real challenge. In this hard time, we learnt that togetherness is the key to success and achievement. With the blessing of Almighty Allah, we could overcome the situation and started a new journey in a new world. My sincere gratitude to all of the institute who worked hard and gave their best effort during this hard time. I am glad that their contributions are being documented in the form of Annual Report, which will guide us in future. I extend my heartfelt thanks to all supportive management, caring teachers, co-operative guardians, hard working students and all of our well-wishers.

Wish you a better world and excellent future ahead.

Professor Dr. Abu Shafi Ahmed Amin
MBBS, DLO
Director, Medical College Affairs

Chairman

Green Life Medical College Hospital

“Great dreams of great dreamers are always transcended.” This was the saying of APJ Abdul Kalam, aerospace scientist and the 11th president of India. This philosophical view implies the development of a youth, who will not only fulfill our dreams but also continue to dream further.

With the heart full of dreams to educate and develop good physicians and good citizens, Green Life Medical College was established twelve years back. That seed of dream now yields a huge tree full of fruits. We are now proud of the institute for significant contribution rendering to the society and nation. Our ex-students are serving the country in many places and also put their successful footprint abroad. I congratulate the students on their hard work which enables them to have academic success. May you have a good heart for the people, particularly the underserved, underrepresented and neglected ones.

I am aware that the faculties and the administrative staffs are carrying out the caring responsibilities to groom and ground the students for becoming a useful citizen of the country. The parents and others who come in touch with the institute are also acknowledged. I hope that today's youth will build a better world where justice, skill and moral values will prevail. Thus, our dreams will be transcended through generations.

I wish this year book 2021 will encourage the authority, faculties, staffs and students for a better effort and dream for future. It will also help to enable to handle shortcomings properly. I wish all success for all of you.

A handwritten signature in black ink, appearing to read 'Shamsuddin Ahmed', with a stylized flourish at the end.

Managing Director
Green Life Medical College Hospital

I am glad that Green Life Medical College Year book 2021 is going to be released which is compiled with all the academic and departmental activities, thoughts and moments past in the year. The year 2021 was a challenging year for both students and teachers, and we could overcome the period of pandemic successfully. The online, offline and hybrid classes and examinations were arranged and conducted and the academic calendar was followed as much as possible. I express my gratitude to all for this wonderful effort.

There is no short cut road or special ladder to the path of development and success. Those who make a good use of time and energy, they succeed, but others often cannot flourish their dreams. But we should remember that life is full of mistakes and failures, but this is not the end of determination. Everybody should learn from mistakes and equip with necessary knowledge and wisdom. Thus, the documentation of past helps us to learn those mistakes and shortcomings. That's why publishing Year book or Annual Report is necessary to get a narrative of the past year. I would like to thank and acknowledge the editorial board, faculties and staffs for contribution and support in the progress of the book. I hope the book will create a positive energy in the journey of the institute.

A handwritten signature in black ink, appearing to read 'Dr. Md. Mainul Ahasan', with a stylized flourish at the end.

Dr. Md. Mainul Ahasan
Managing Director
Green Life Medical College Hospital
Member, Governing Body, Green Life Medical College

Brief history of Green Life Medical College

Green Life Medical Hospital started its journey in 2005 with 500 beds in the center of the capital city, Bangladesh. The Medical College came into existence in 2009 with 51 students in the 1st batch in 2010.

Soon after being established, the college went tremendous development and became a splendid center for learning and development in medical education.

At present we are enrolling 115 students each year. Among them 20 numbers of seats are reserved for overseas students.

Affiliations:

The College is approved by Ministry of Health and Family Welfare (MHFW), Government of Bangladesh.

Degree is recognized by Bangladesh Medical and Dental Council (BMDC) and affiliated by University of Dhaka.

Post-graduation Honorary Training is accredited by Bangladesh College of Physicians and Surgeons (BCPS).

It is enlisted in World Directory of Medical School and Educational Commission of Foreign Medical Graduates (ECFMG).

It is listed under Avicenna Directory, World Federation for Medical Education (WFME) and the Foundation for Advancement of International Medical Education and Research (FAIMER).

Academic Building:

A 15-storied academic building (Floor space-1,65,379 square ft) having central air condition facility .

In the academic building, the activity of all the departments has expanded. GMCH has all the departments with efficient and adequate teaching staffs, spacious classrooms, lecture halls, museums, laboratories, teaching OT and well equipped library with internet facilities.

Academic Faculty Members:

Full time 112 distinguished academics with proven teaching and research excellence.

Academic activities in pandemic

Online academic activities during Pandemic

During the COVID 19 Pandemic and Nation-wide lock down, under the guidance of The Chairman, Governing Body, National Professor Shahla Khatun, a special Online Class Committee was created in early March of 2021.

The committee worked hard and sincerely to initiate and conduct online classes and examinations and Green Life Medical College was one of the institutes which started online academic activities in the earliest time. To achieve this, the committee effortlessly worked to train the teachers, students and staffs, arrange new routines, create class moderators, buy zoom account and to communicate with the students at home and abroad. The committee also arranged several virtual meetings between faculties and CME presentation during COVID 19.

The activities of the committee continued till August, when physical classes again started to resume.

Medical Education Unit (MEU)

From establishment of Green Life Medical College, the Medical Education Unit is conducting different CME and workshop to upgrade the faculty members. Due to Covid pandemic there is a temporary disruption of activities and MEU again resume the routine activities from September 2021. The newly formed committee is chaired by Prof. Dr. Salma Rouf and Dr. Tanim Sharmin is the Member Secretary.

Till date regular monthly CME has been conducted on 1st Saturday on every month to develop education & teaching skill of the faculty members.

In addition to conducting monthly CME, MEU is planning to conduct workshop on different modules and publish a synopsis on topics presented in CME in the coming years.

Continued Medical Education (CME)

Different departments of the medical college regularly arrange CMEs for further development of knowledge among students, interns and faculties.

A central CME involving all the departments regularly takes place every week on Wednesday. The activity was continued even during pandemic on virtual platform.

Besides this, individual department arranged CME by themselves. Sometimes special CME are arranged for special events and interests, eg; COVID19 management, Dengue, on the occasion of Health days and events.

There is a CME committee that takes the responsibility to coordinate all these activities.

List of CME in 2021

Date	Topics	Department
18.08.2021	Diagnosis of Covid19 variants & effectiveness of vaccine	Dept. of Microbiology
01.09.2021	Antibiotic stewardship	Dept. of Medicine
29.09.2021	Effects of Covid-19 on Mental Health	Dept. of Psychiatry
06.10.2021	SARS-CoV-2: Pathology, Prevention and Update	Dept. of Pathology
13.10.2021	Systemic diseases & drugs affecting eye	Dept. of Ophthalmology
27.10.2021	An Elderly lady with history of Jaundice and weight loss	Dept. of Surgery
03.11.2021	Impact of Covid 19 on Geriatric Health	Dept. of Community Medicine
06.11.2021	Undergraduate Medical Curriculum Development	Department of Forensic Medicine & Dept. of Pediatrics
10.11.2021	A young girl with contact bleeding-a diagnostic dilemma	Dept. of Gynae & Obs

17.11.2021	Prevalence of Gene Mutation in patients of Hypothyroidism	Department of Biochemistry
24.11.2021	Hyperglycemia in children	Department of Endocrine
01.12.2021	ENT Manifestation of COVID 19	Department of ENT
04.12.2021	Education Technology I. Fundamental of Medical Education II. Principles of Adult Learning	Department of Physiology Department of Psychiatry
08.12.2021	An Overview on HIV & AIDS and Bangladesh Perspective	Department of Dermatology & Venereology
15.12.2021	Ventricular System of Brain	Department of Anatomy
22.12.2021	COVID 19 IN CHILDREN	Department of Pediatrics
29.12.2021	Dental Hypersensitivity	Department of Dentistry

Research Cell

The 6th and 7th meeting of Research Cell of Green Life Medical College was held on 21st October, 2021 and 29th November, 2021 respectively. The following activities have been executed in the aforementioned meeting:

- Preparation of Project Proforma which has been completed and distributed among all the faculty members of Green Life Medical College
- Outlining five days' workshop on Research Methodology to be held in recent future

Skill Development Centre

The intern doctors gain experience in different clinical skills in skill development centre arranged by different clinical departments regularly.
